## NEW MEXICO SCHOOLS STUDY COURSE READY

Copies of New Standard Course Are Prepared by Tucumcari High School For State Board.

Tucumcari, N. M., Nov. 25.—The Tucumcari high school has completed for the New Mexico Educational association the work of making 125 copies of the standard course of study for all high schools of New Mexico, this course having been adopted by the city superintendents and principals of high schools in joint session with members of the state board of education at Albuquerque. These copies will be mailed within a few days to each of the following: Members of the state board of education; city superintendents; county superintendents; principals of incorporated towns and villages.

The course as outlined in the outcome of a movement started by members of the territorial board of education a year ago at Santa Fe with the idea of developing a standard course for the various high schools of the state. A committee was appointed to study the subject of high school courses through all of the states of the union and worked continuously through the past year, developing the course as adopted.

The course meets the double object of conforming to the requirements of the New Mexico state board of education and of harmonizing with the courses of the various states. It also conforms to the requirements for a standard high school as laid down by the committee of the National Educational association and adopted by that association.

The course as outlined requires 15 units for graduation, nine of which are required of each person, and the others may be elected. It permits a four-year high school to teach 25 different subjects. It provides that no one is eligible to teach in a standard high school of New Mexico who has not graduated from one of the New Mexico

normal schools or has completed a course equivalent to that required for graduation from such schools. This course also provides that a four-year high school shall have not less than three teachers; three-year high school not less than two, and a one-year high school not less than one teacher, who shall devote the entire time to teaching high school subjects. It also specifies English and algebra as required subjects for ninth and 10th grades and names the electives that may be chosen in these grades. The work for 11th and 12th grades is entirely elective.

CONFESSES HE TOOK MONEY  
Kenta, Colo., Nov. 25.—Cupid's dart crossed the straight and narrow path heretofore trod by Jesse Leasure, the 18 year old agent for the Union Pacific railroad at this town, according to Leasure's confession to the police that he took \$85 belonging to the railroad company. He is in jail charged with grand larceny.

Leasure, according to the police, told them he took the money that he might be so situated that he could conveniently marry at once the girl of his choice. He told the officers he was robbed while walking along a lonely highway, but upon close questioning, admitted he invented the robbery story.

# SOCIETY WOMEN TO FEED BOYS AND THE POOR ON THANKSGIVING

## Y. W. C. A. Notes

A delightful party was given on Saturday afternoon by members of the Junior club of the Y. W. C. A. at the Central headquarters. The junior committee had charge of the program and games. The social committee had charge of the refreshments. The program was opened with a grand march led by Dorothy Vollertson. The following program was given:

Recitations, Bernice Iverson, Anna Snyder, Hazel Kinne, Anna O'Neill, Roberta Ross.  
Julia Schuster played a violin solo, accompanied by Madeline Tanby.  
At the conclusion of the program, Miss Florence Hanson gave a talk on work of the Camp Fire girls. The fourth vice president, Grace McVeigh, comes from the three words—Work, Health and Love—or the first two letters of each word, "Wo-He-Lo." Type written copies of their chart which has been set to music, was given to the girls. The law of the Camp Fire girls was also explained. Grace McVeigh illustrated the dress of the Camp Fire girls. Candles were lighted, representing "Wo-He-Lo," the symbolic money. Work gatherings, fire workers and torch bearers of the different ranks were explained.

The Camp Fire work will start in two or three weeks and the guardians will decide which line of honors they wish to pursue.

The rooms were decorated in red, white and blue. Festoons of crepe paper were artistically used and flags were gracefully draped. The 75 little girls present wore white dresses and made a very pretty sight as they marched around the room. At the conclusion of the program they all sang "America." The red, white and blue decorations carried out the patriotic thought of the Camp Fire girls.

RAISE TO 3000 ENGINEERS.  
Washington, D. C., Nov. 25.—Thirty thousand locomotive engineers on 22 eastern railroads gain a partial victory in their demand for more wages, under the award announced by the board of arbitration.

The board holds that the public, which had no voice in the controversy, had more at stake than the engineers or railroads, and emphasizes the need of plans to safeguard the public against the possibility of a future strike. The board advocates the creation of federal and state wage commissions with practically the same powers over organized labor as public utilities commissions now exercise over quasi-public corporations.

The award dates back to May 1 and will hold for one year from that date.

SOCIALISTS OPPOSE WAR.  
Basel, Switzerland, Nov. 25.—The opening session of the Socialist international congress, which is being held here in opposition to war, was attended by 500 delegates representing all nations. HAIR THAT GIVES FATHER TIME THE LAUGH  
We are just about as old as we LOOK. People judge us, by the way we LOOK. The man or woman with grey hair is beginning to get in the "Old Timer's Class." This Twentieth Century does NOT want GREY hair—it wants the energy of Youth. The big things are being done by the YOUNGER generation.

There's a sort of "Has Been" look about those "Grey Hairs." There's always one to criticize and smile scornfully. Father Time is a stern disciplinarian. Get the best of him. Give him the laugh. Do not be "Has Been." It's unnecessary. Use HAY'S HAIR HEALTH.
